Letter of note. 09-12-2021 The right for A senator such as Kennedy or Smith, jurisdiction spoken word's with no atrophy to the State of Virginia, should not have been given the right to over pass with out agreement to stander outercourse of each state, that that they are not sundered member's of the state of Virginia all advocated out of jurisdiction, we know all is welcome but we have to linger are tong's to that of authority we as A state most have are control. My action and manner were placed that day Mr. SMITH. Mr. President, I rise today to speak about the need for hate crimes legislation. In the last Congress, Senator KENNEDY and I introduced the Local Law Enforcement Act, a bill that would add new categories to current hate crimes law, sending a signal that violence of any kind is unacceptable in our society. I would like to describe a terrible crime that occurred May 4, 2002 in Alexandria, VA. A man threw a brick through the window of an Afghan man's car. The incident began when 28 year-old Michael Woolls

approached the victim on the street and demanded to know his national origin. When the man said he was from Afghanistan, Woolls hit his car with a stick and threw a brick through the window, striking a passenger. I believe that the Government's first duty is to defend its citizens, to defend them against the harms that come out of hate. The Local Law Enforcement Enhancement Act is a symbol that can become substance. I believe that by passing this legislation and changing current law, we can change hearts and minds as well. To my suit of kinder is that socialism on A bracket is that neither "Kennedy" nor "Smith" are representative of the 8 congress district matter of "22314" "117 District", of Alexandria,Va and had nor intervened right's to give such A Bill in Congress and in Senate to the mention of my name they did not serve as are Repetitive of the matter of the congress control of are State and should be brought under White Coloring Crime's to are nature of the understand of the matter to ask of my permission by my lawyer and or judge, in the effect of the master of my name the out come for A prejudice issue by using my name among congress to A Bill with my name as A "February 24, 2003

CONGRESSIONAL RECORD — SENATE S2591-Bill" the outcome was no kana to it's repertoire, it's stated Head as A filly finale out outcome, it was not a crime of hate which given to that the master of which Are based law's are it is not stated properly correct on the manner of its outcome by detail law of "Virginia", is hereby reported to the the General Attorney of Law of the "Commonwealth of Virginia Office's", that the matter of the crime needs to be advocated, in the manner of it's illness to jump the gun of the crime, it's hate crime concerns to the matter of my name and final judgment of the hate crime was pronged in court as to be drop down to misdemeanors as the final outcome give's basis to be Re:Representation of this Bill. The outcome of the court should have been dismissed on the accusation of Mr.Furious lie's of his drinking in publications of the master of the case. Mistrial... Man Charged With Hate Crime in Attack A 28-year-old Alexandria man has been charged with a hate crime after he allegedly tossed a brick through the window of an Afghan man's car early Saturday, police said. Michael Woolls, of East Del Ray Avenue, approached a 24-year-old Richmond man who was walking on King Street about 1:50 a.m. and demanded to know his national origin, police said. After the man said he was from Afghanistan, Woolls hit his car with a stick and threw a brick through the window, striking a passenger. An Alexandria officer who was working nearby heard the commotion and responded, police said. Woolls was charged with assault, attempted assault motivated by bias against national origin and destruction of property. There was no call to the matter of this case to "911", it is upsetting to the Law,as in that,also did not get A family lawyer nor judge to the master of its cause in the past to use name Woolls, as address stated in my name,I did not live there any more was evicted,for all canny issue of jumping the Gun to the law need's advisement Most have permission next time... Before people go writing law's up upsetting the family of step and all blood relatives. No call where in place no codes no attachment of act for an officer to get involved To base the law on outcome in the senate and congress out of jurisdiction of Politics there has to be A resolvment. Unfair case.... Suite based in order of Appeal Case #.19-1002
